- Building personal web projects
- Casual gaming

PROFESSIONAL SUMMARY

I'm Shiv, a passionate Front-End Developer with a strong foundation in HTML, CSS, and JavaScript. I specialize in building clean, responsive, and user-friendly interfaces that bring designs to life.

PROJECTS

Portfolio

- Designed and developed a personal portfolio using **HTML**, **CSS**, and **JavaScript**, showcasing projects and technical skills in a responsive layout.
- Implemented interactive components such as a **hamburger menu**, smooth scroll navigation, and theme toggling with **Dark Mode** support.

Expense Tracker

- Developed a responsive web app to record and track daily expenses.
- Used **HTML**, **CSS**, and **JavaScript** for clean layout and dynamic functionality.
- Implemented **LocalStorage** to persist user data without a backend.

Password Generator

- Built a secure password generator using **HTML**, **CSS**, and **JavaScript** that creates strong, randomized passwords.
- Included options for **length**, **uppercase/lowercase letters**, **numbers**, and **special characters**.
- Added copy-to-clipboard functionality and responsive design for usability on all devices.

Pomodoro Clock

- Built a fully functional Pomodoro Timer using **HTML**, **CSS**, and **JavaScript**, following the 25/5-minute productivity cycle.
- Included features for **short/long breaks**, **automatic cycle switching**, and **audible alerts** for transitions.
- Designed a clean, animated UI with a responsive layout, supporting both desktop and mobile devices.
